

i-Connect payroll extract file specification

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
A	1	FILE REF	Multiple Payroll Provider File Reference	10	Mandatory
	Example:	00316			
	Notes:	Please enter a unique file reference for each separate employer included on the multiple payroll extract file. The file reference must be present for each record on the file. This data item must be completed.			
B	2	NATIONAL INSURANCE NUMBER	National Insurance (NI) number of the employee	9	Mandatory
	Example:	AB123456C			
	Notes:	Please enter the employee's NI Number. The NI number is used in conjunction with one or more of the payroll reference fields (items 2-4) to identify the correct record on the administering authority's target system. Please contact your administering authority if any of the employees does not have a National Insurance number, as this is a mandatory field on the target system; a temporary N.I number can be used but this must match the pension sections information. This data item must be completed.			
C	3	PAYROLL REFERENCE 1	This field can be left blank	12	Ignore
	Notes:	***This field is not used for the Payroll ref due to the location the info is posted to – use Payroll Ref 2 column D***			

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/ Ignore/Only if applicable
D	4	PAYROLL REFERENCE 2	An additional unique identifier. Generally, this is the employee's payroll number with the current employer. It should be a unique identifier for each post in your organisation.	12	Mandatory
	Example:	TY0123456			
	Notes:	Please enter a unique identifier to match the post to the correct target system record, for example, Payroll Reference Number.			
E	5	PAYROLL REFERENCE 3	An additional unique identifier. Generally, this is the employee's payroll number with the current employer. It should be a unique identifier for each post in your organisation.	12	Ignore
	Example:	07			
	Notes:	If needed this field can be used to enter a unique identifier to match the post to the correct target system record, however if payref 2 can hold a unique number that would be preferable.			
F	6	ADDRESS LINE 1	Address Line 1 of the correspondence address of the employee	30	Mandatory
	Example:	Riverview / 12 Main Street			
	Notes:	Please enter the first address line of where the employee lives. Upper- and lower-case characters are valid. Valid characters are A to Z, hyphen (-) and apostrophe ('). Ensure the max number of characters is not exceeded. If any of the address lines (1 to 5) is present for the employee, a minimum of two address lines must be provided.			

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
G	7	ADDRESS LINE 2	Address Line 2 of the correspondence address of the employee	30	Mandatory
	Example:	23 Upper Riverbank			
	Notes:	Please enter the second address line of where the employee lives. Upper- and lower-case characters are valid. Valid characters are A to Z, hyphen (-) and apostrophe ('). If any of the address lines (1 to 5) is present for the employee, a minimum of two address lines must be provided.			
H	8	ADDRESS LINE 3	Address Line 3 of the correspondence address of the employee	30	Only if applicable
	Example:	Hale Barns			
	Notes:	Please enter the third address line of where the employee lives. Allowances described above.			
I	9	ADDRESS LINE 4	Address Line 4 of the correspondence address of the employee	30	Only if applicable
	Example:	Altrincham			
	Notes:	Please enter the fourth address line of where the employee lives. Allowances described above.			
J	10	ADDRESS LINE 5	Address Line 5 of the correspondence address of the employee	20	Only if applicable
	Example:	Cheshire			
	Notes:	Please enter the fifth address line of where the employee lives. Allowances described above.			
K	11	POSTCODE	Postcode of the correspondence address of the employee	10	Mandatory
	Example:	WA14 1TT			
	Notes:	Please enter letters (A-Z), numbers (0-9) and a single space.			
L	12	EMAIL ADDRESS			Ignore

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
M	13	TELEPHONE NUMBER			Ignore
N	14	MOBILE NUMBER			Ignore
O	15	WORKS PLACE NAME			Ignore
P	16	WORKS ADDRESS LINE 1			Ignore
Q	17	WORKS ADDRESS LINE 2			Ignore
Q	18	WORKS ADDRESS LINE 3			Ignore
S	19	WORKS ADDRESS LINE 4			Ignore
T	20	WORKS ADDRESS LINE 5			Ignore
U	21	WORKS POST CODE			Ignore
V	22	WORKS EMAIL ADDRESS			Ignore

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
W	23	DATE OF LEAVING	Date the employee left this post	10	Only if applicable*
	Example:	31/05/2015			
	Notes:	Please enter the date in the format DD/MM/YYYY . The DOL must not be in advance of the 'Payroll Period End Date'. *Mandatory for leavers – Please note if the member has opted out, use column AX 'Opt out date'.			
X	24	PAYROLL PERIOD END DATE	End date of the earnings period to which the pay relates	10	Mandatory
	Example:	30/06/2015			
	Notes:	Please enter the date in the format DD/MM/YYYY . The same date must be present for each record on the file; mixed payroll period end dates are not acceptable. This data item must be completed. Non-monthly payrolls - please note that the payroll period end date is used to determine the scheme year to which the financial information is written back on the target system. The pay date should be used instead of the payroll period end date if the payroll is paid in advance or arrears.			
Y	25	ADDITIONAL CONTRIBUTIONS 1	Additional voluntary contributions the employee is paying	10	Mandatory
	Example:	10.01 CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for any additional voluntary contributions the employee is paying. Enter only numbers and decimal point. Apply zero if value is null. AVC – This figure is not reported/paid to the Investment department.			
Z	26	ADDITIONAL CONTRIBUTIONS 2	Additional regular contributions the employee is paying	10	Mandatory
	Example:	15.99 CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for any additional regular contributions the employee is paying. Enter only numbers and decimal point. Apply zero if value is null. Pre-14 Additional ARC's / Added Years - This figure is reported/paid to the Investment department.			

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
AA	27	EMPLOYMENT SUSPENSION/BREAK START DATE	The start date of any unpaid employment break for the employee	10	Only if applicable
	Example:	17/06/2015			
	Notes:	Please enter the start date of commencement of any unpaid employment break, for example, strike, maternity or paternity. Please enter the date in the format DD/MM/YYYY . Do not enter a date in advance of the Payroll Period End Date. Do not apply dates if member is on sick leave.			
AB	28	EMPLOYMENT SUSPENSION/BREAK END DATE	The end date of any unpaid employment break for the employee	10	Only if applicable
	Example:	18/06/2015			
	Notes:	Please enter the end date of a termination of any unpaid employment break, for example, strike, maternity or paternity. Please enter the date in the format DD/MM/YYYY . Do not enter a date in advance of the Payroll Period End Date. Do not apply dates if member is on sick leave.			
AC	29	FILLER	A spare field reserved for future use.	1	Ignore

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/ Ignore/Only if applicable
AD	30	EMPLOYMENT BREAK REASON	Employment break reason	1	Only if applicable
	Example:	M			
	Notes:	Please enter the reason for the employment break, the following entries are valid: <ul style="list-style-type: none">• A - Leave of Absence• M - Parental Break• U – Unauthorised• E - Education Break• S - Strike The suspension reason is left blank it will use ‘unauthorised’.			
AE	31	SURNAME	Surname of the employee	25	Mandatory
	Examples:	James / Howard-Jones / Vaughan Williams / O'Hara			
	Notes:	Please enter the last name of the employee. Upper- and lower-case characters are valid. Valid characters are A to Z, hyphen (-) and apostrophe (').			
AF	32	FORENAMES	Forename(s) of the employee	25	Mandatory
	Examples:	Myfanwy / Amelia-Lily / Lewis Watson			
	Notes:	Please enter a maximum of three forenames for the employee. Upper- and-lower case characters are valid. Valid characters are A to Z, hyphen (-) and apostrophe (').			
AG	33	GENDER	Sex of the employee	1	Mandatory
	Example:	M			
	Notes:	Please enter either M (male) or F (female), not the word in full.			

Column	Item	Data Item	Description	Maximum Number of Characters	Mandatory/ Ignore/Only if applicable
AH	34	DATE OF BIRTH	Date of birth of the employee	10	Mandatory
	Example:	06/05/1971			
	Notes:	Please enter the date in the format DD/MM/YYYY .			
AI	35	MARITAL STATUS	The employee's marital/partnership status	1	Only if applicable
	Example:	M			
	Notes:	Please enter the employee's marital/partnership status, the following entries are valid: <ul style="list-style-type: none">• C - Civil Partnership• M – Married• S – Single• D - Divorced• P - Declared Partnership• W – Widowed Ideally this information would be included in the report, but if it is difficult to extract this field can be left blank.			
AJ	36	TITLE	Title	4	Ignore
	Example:	Mr			
	Notes:	Please enter one of the following valid titles: Mr / Mrs / Miss / Ms / Dr / Prof / Sir / Cllr / Mx			
AK	37	FILLER	A spare field reserved for future use	10	Ignore
AL	38	TAXABLE_EARNINGS	The auto-enrolment qualifying earnings of the employee for the current pay period	10	Mandatory
	Example:	0			
	Notes:	For all members populate with '0.00'.			
AM	39	ANNUAL PENSIONABLE SALARY	The annual pensionable salary rate for the employee	10	Ignore

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
AN	40	PENSIONABLE PAY / APP		The pensionable pay/or assumed pensionable pay of the employee for the current pay period	10	Mandatory
	Example:	1000.01	PAY PERIOD			
	Notes:	Please enter the employee's pensionable pay for the current payroll period. Enter only numbers and decimal point. Populate with '0.00' if nil. Apply period Assumed Pensionable Pay (APP) to this column for pension purposes if applicable.				
AO	41	EFFECTIVE DATE		The effective date for the annual pensionable salary rate	10	Ignore
AP	42	DATE JOINED PENSION SCHEME		The date the employee joined the pension scheme	10	Only if applicable
	Example:	01/04/2015				
	Notes:	Please enter the date joined fund in the format DD/MM/YYYY . ***The Date Joined Fund is mandatory for new starters. Only provide on a report once as this will generate a new record, if a DJF is provided multiple times, duplicate records will be created in error and may not be flagged up for some time***				
AQ	43	JOB TITLE		Job title/description of the employee	20	Only if applicable
	Example:	Payroll Officer				
	Notes:	Please enter the employee's job title				
AR	44	PART-TIME/WHOLE-TIME HOURS EFFECTIVE DATE			1	Ignore
AS	45	PART-TIME HOURS				Ignore

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
AT	46	PART-TIME INDICATOR				Ignore
AU	47	WHOLE-TIME EQUIVALENT HOURS				Ignore
AV	48	EMPLOYEE'S MAIN SECTION CONTRIBUTIONS		Employee's main section scheme contributions for the current payroll period	10	Mandatory
	Example:	120.00	PAY PERIOD			
	Notes:	Please enter the employee's main section scheme contributions for the current payroll period. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null pay this period. Negative values are valid. Please note: This figure is compared to the funds received by the investments department, check this will balance. If there is a discrepancy, please provide information and a breakdown in an email to the Pension Section.				
AW	49	EMPLOYERS CONTRIBUTIONS		Employer's scheme contributions for the current payroll period	5	Mandatory
	Example:	240.00	PAY PERIOD			
	Notes:	Please enter the employer's scheme contributions for the current payroll period. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null pay this period. Negative values are valid. Please note: This figure is compared to the funds received by the investments department, check this will balance. If there is a discrepancy, please provide information and a breakdown in an email to the Pension Section.				

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
AX	50	SCHEME CONTRIBUTION RATE		Employee's scheme contribution rate	5	Mandatory
	Example:	6.25	PAY PERIOD			
	Notes:	Please enter the member's scheme contribution rate for the current payroll period: Main scheme 5.50% to 12.50% or 50/50 scheme 2.75% - 6.25%. Enter only numbers and a maximum of 2 decimal points. Mandatory – a rate is required for all members on the report.				
AY	51	OPT OUT DATE		The date the employee opted out of the pension scheme	10	Only if applicable
	Example:	31/05/2015				
	Notes:	Please enter the date the employee opted out of the pension scheme. Please enter the date in the format DD/MM/YYYY. If the member has received a payroll refund, negative period figures do need to be included so the i-Connect figures balance with those paid to Investments.				
AZ	52	OPT IN DATE		The date the employee opted in to the pension scheme	10	Ignore
	Notes:	Ignore - please use Date Joined fund, column AO.				

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
BA	53	MAIN SECTION CUMULATIVE PENSIONABLE PAY / APP		The total pensionable pay or assumed pensionable pay in the main section of the CARE scheme for the scheme year (1 April-31 March)	10	Mandatory
	Example:	1000.01	CUMULATIVE			
	Notes:	Please enter the cumulative pay to date total for the employee's main section pensionable pay for the current financial year. Enter only numbers and decimal point. Mandatory, populate with '0.00' if nil or the member is not in the Main CARE scheme. Negative values are not valid. Apply YTD Assumed Pensionable Pay (APP) to this column for pension purposes if applicable. ***This is the YTD Main Pen Pay figure and will be used to calculate pension benefit figures accrued***				
BB	54	50/50 SECTION CUMULATIVE PENSIONABLE PAY /APP		The total pensionable pay or assumed pensionable pay in the 50/50 section of the CARE scheme for the scheme year (1 April-31 March)	10	Mandatory
	Example:	1000.01	CUMULATIVE			
	Notes:	Please enter the cumulative pay to date total for the employee's 50/50 section pensionable pay for the current financial year. This is required only for members. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null/ if the employee is not in the CARE scheme or a member of the Firefighters' Pension Scheme. Negative values are not valid. Apply YTD Assumed Pensionable Pay (APP) to this column for pension purposes if applicable.				

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
BC	55	FULL TIME EQUIVALENT FINAL PAY		Full-time equivalent pensionable pay in respect of the employment for the scheme year (pre-2014 scheme definition)	10	Only applicable in month 12
	Example:	18000.00	ANNUAL			
	Notes:	***Blank until month 12*** Please enter the member's annual final pay, based on the pre-2014 definition of pay for the current financial year. A value is required before the scheme year end for use with annual benefit statements and member self-service systems. Enter only numbers and decimal point.				
BD	56	CUMULATIVE EMPLOYEE'S MAIN SECTION CONTRIBUTIONS		Employee's main section cumulative scheme contributions	10	Mandatory
	Example:	999.99	CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for the employee's main section scheme contributions, for the current financial year. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null.				
BE	57	CUMULATIVE EMPLOYER'S CONTRIBUTIONS		Employer's cumulative scheme contributions	10	Mandatory
	Example:	1999.98	CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for the employer's scheme contributions for the current financial year. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null.				
BF	58	REASON FOR LEAVING		Reason the employee terminated employment	100	Only if applicable
	Example:	Voluntary Early Retirement				
	Notes:	This is a 100-character (including spaces) field to hold the reason why the employee's employment has terminated. If the member has left this is currently an optional field to complete.				

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
BG	59	CUMULATIVE EMPLOYER SHARED COST APCs		Cumulative shared cost additional pension contributions (employer contributions only)	10	Only if applicable
	Example:	1050.00	CUMULATIVE			
	Notes:	Include these figures within this column OR if this is not possible apply to Cumulative Employer Contributions (column BE)				
BH	60	CUMULATIVE EMPLOYEE APCs		Cumulative employee additional pension contributions (include employee SCAPC contributions, but exclude employer SCAPC contributions)	10	Only if applicable
	Example:	1050.00	CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for any additional pension contributions the employee is paying. Employee SCAPC contributions should be included; do not include any employer SCAPC contributions. Enter only numbers and decimal point. Period Employee APC figure is provided in column BK. Leave blank or populate with zero values if nil.				
BI	61	EMPLOYEE'S 50/50 SECTION CONTRIBUTIONS		Employee's 50/50 section scheme contributions for the current payroll period	10	Mandatory
	Example:	360.00	PAY PERIOD			
	Notes:	Please enter the employee's 50/50 section scheme contributions for the current payroll period. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null pay this period. Negative values are OK. Please note: This figure is compared to the funds received by the investments department, please check this will balance. If there is a discrepancy, please provide information and a breakdown via email to the main contact at the Pension Section.				

Column	Item	Data Item		Description	Maximum Number of Characters	Mandatory/Ignore/Only if applicable
BJ	62	CUMULATIVE EMPLOYEE'S 50/50 SECTION CONTRIBUTIONS		Employee's cumulative 50/50 section scheme contributions	10	Mandatory
	Example:	999.99	CUMULATIVE			
	Notes:	Please enter the cumulative contributions to date total for the employee's 50/50 section scheme contributions, for the current financial year. Enter only numbers and decimal point. Mandatory - populate with '0.00' if null.				
BK	63	ER PAY PERIOD SHARED COST APCs		Pay period shared cost additional pension contributions (employer contributions only)	10	Only if applicable
			PAY PERIOD			
		Include ER Pay Period Shared Cost APC figures here OR if this is not possible apply to Employer Contributions (column AW)				
BL	64	PAY PERIOD EMPLOYEE APCs		Pay period employee additional pension contributions (include employee SCAPC contributions, not employer SCAPC conts)	10	Only if applicable
	Example:	100.50	PAY PERIOD			
	Notes:	Please enter the pay period total for any additional pension contributions the employee is paying. Employee SCAPC contributions should be included, please do not include any employer SCAPC contributions. Enter only numbers and decimal point. Leave blank or populate with zero values if null. This relates to Post-14 APC contributions only. Please note: This figure is compared to the funds received by the investments department, please check this will balance. If there is a discrepancy, please provide information and a breakdown via email to the main contact at the Pension Section.				

1 Preparation

1.1 Record matching

i-Connect will automatically match, where possible, each separate post on your payroll system to a corresponding record on your administering authority's pensions administration system (referred to throughout this document as 'the target system'). The matching process uses employees' National Insurance numbers, together with a unique payroll identifier.

1.1.1 Unique payroll identifier

A unique payroll identifier must be present for each payee/post on the MPP payroll extract file. This key can be a combination of fields held on the payroll system, for example, payroll reference, employee reference and post number. There are three 12-character fields available on the MPP payroll extract file to output the unique payroll identifier:

Payroll Reference 2 (Data Item 4)

Payroll Reference 3 (Data Item 5)

These three fields provide you and your administering authority with the flexibility to create a unique payroll identifier in a single field or across multiple fields.

The examples in the table below use the following information:

National Insurance Number: AA123123A

Payroll Reference: 555444

Post Number: 144-543

Unique Payroll Identifier	National Insurance Number	Payroll Reference 1	Payroll Reference 2	Payroll Reference 3
Single Field	AA123123A		555444144543	
Multiple Fields	AA123123A		555444	144-543

Each of the three payroll reference fields corresponds to a specific field on the target system. Your administering authority will provide you with their specific field-level matching requirements as part of the i-Connect implementation process; please contact them as soon as possible, if this information has not been provided.

The selected matching method must be consistent for all records on the MPP payroll extract file.

Extract file creation preparation

1.2 File format

All MPP payroll extract files uploaded into i-Connect must be saved as comma-separated-value (CSV) files. Files not in this format will be rejected during the upload process.

Fields containing commas must be embedded within a set of double quotes (commonly referred to as 'text qualifiers'), to maintain data integrity. For example, a data entry in Address Line 1 (data item 16), with a comma present, would be output as:

"Dun Roamin, Dun Campin"

1.3 Header row

A header row must be present on the first row of each MPP payroll extract file, to describe the i-Connect data items. Failure to include a header row will result in the first record on the file being omitted from processing, as i-Connect always assumes the first row is the header.

A sample header row is:

```
FILE_REF,NI_NUMBER,PAY_REF_1,PAY_REF_2,PAY_REF_3,ADD_LINE_1,ADD_LINE_2,ADD_LINE_3,ADD_LINE_4,ADD_LINE_5,POSTCODE,EMAIL_ADDRESS,TELEPHONE_NUMBER,MOBILE_NUMBER,WORKS_PLACE_NAME,WORKS_ADD_LINE_1,WORKS_ADD_LINE_2,WORKS_ADD_LINE_3,WORKS_ADD_LINE_4,WORKS_ADD_LINE_5,WORKS_POSTCODE,WORKS_EMAIL_ADDRESS,DATE_OF_LEAVING,PAYROLL_PERIOD_END_DATE,ADDITIONAL_CONTRIBUTIONS_1,ADDITIONAL_CONTRIBUTIONS_2,EMPLOYMENT_BREAK_START,EMPLOYMENT_BREAK_END,FILLER_1,SUSPENSION_REASON,SURNAME,FORENAMES,GENDER,DOB,MARITAL_STATUS,TITLE,FILLER_2,AUTO_ENROLMENT_QUALIFYING_EARNINGS,ANNUAL_PENSIONABLE_SALARY,PENSIONABLE_PAY,EFFECTIVE_DATE,DATE_JOINED_PENSION_SCHEME,JOB_TITLE,PART_TIME_HOURS_EFFECTIVE_DATE,PART_TIME_HOURS,PART_TIME_INDICATOR,WHOLE_TIME_EQUIVALENT_HOURS,EMPLOYEES_MAIN_SECTION_CONTS,EMPLOYERS_CONTS,SCHEME_CONT_RATE,OPT_OUT_DATE,OPT_IN_DATE,MAIN_SECTION_CUMULATIVE_PEN_PAY,5050_SECTION_CUMULATIVE_PEN_PAY,FTE_FINAL_PAY,CUMULATIVE_EMPLOYEES_MAIN_SECTION_SCHEME_CONTS,CUMULATIVE_EMPLOYERS_SCHEME_CONTS,REASON_FOR_LEAVING,CUMULATIVE_SCAPCs,CUMULATIVE_APCs,EMPLOYEES_5050_CONTS,CUMULATIVE_EMPLOYEES_5050_CONTS,SCAPCs,APCs
```

The column names do not have to be identical to those above, but the field ordering must be the same as the order specified in section **Error!**
Reference source not found..

1.4 Duplicate records

All records in the i-Connect MPP payroll extract file must be unique. Uploaded files will be rejected if there are one or more records containing duplicate combinations of National Insurance Number and the Unique Payroll Identifier.

1.5 Other MPP payroll extract file considerations

The order of the data items must match the order specified in the file layout.

The payroll period end date (data item 24) must be the same on all records.

Blank rows must not be present in the MPP payroll extract file.

Ensure all leading zero values remain if the file has to be converted to CSV format.

Ensure all transactions processed after the payroll cut-off date are included on the i-Connect MPP payroll extract file report. This must include new starters, leavers, post changes and so on.

Part-time hours must be pro-rated for term-time employees.

Negative values are indicated by a minus '-' character at the beginning of the data field (for example, '-115.64'). Example MPP payroll extract file

```
FILE_REF,NI_NUMBER,PAY_REF_1,PAY_REF_2,PAY_REF_3,ADD_LINE_1,ADD_LINE_2,ADD_LINE_3,ADD_LINE_4,ADD_LINE_5,POSTCODE,EMAIL_ADDRESS,TELEPHONE_NUMBER,MOBILE_NUMBER,WORKS_PLACE_NAME,WORKS_ADD_LINE_1,WORKS_ADD_LINE_2,WORKS_ADD_LINE_3,WORKS_ADD_LINE_4,WORKS_ADD_LINE_5,WORKS_POSTCODE,WORKS_EMAIL_ADDRESS,DATE_OF_LEAVING,PAYROLL_PERIOD_END_DATE,ADDITIONAL_CONTRIBUTIONS_1,ADDITIONAL_CONTRIBUTIONS_2,EMPLOYMENT_BREAK_START,EMPLOYMENT_BREAK_END,FILLER_1,SUSPENSION_REASON,SURNAME,FORENAMES,GENDER,DOB,MARITAL_STATUS,TITLE,FILLER_2,AUTO_ENROLMENT_QUALIFYING_EARNINGS,ANNUAL_PENSIONABLE_SALARY,PENSIONABLE_PAY,EFFECTIVE_DATE,DATE_JOINED_PENSION_SCHEME,JOB_TITLE,PART_TIME_HOURS_EFFECTIVE_DATE,PART_TIME_HOURS,PART_TIME_INDICATOR,WHOLE_TIME_EQUIVALENT_HOURS,EMPLOYEES_MAIN_SECTION_CONTS,EMPLOYERS_CONTS,SCHEME_CONT_RATE,OPT_OUT_DATE,OPT_IN_DATE,MAIN_SECTION_CUMULATIVE_PEN_PAY,5050_SECTION_CUMULATIVE_PEN_PAY,FTE_FINAL_PAY,CUMULATIVE_EMPLOYEES_MAIN_SECTION_SCHEME_CONTS,CUMULATIVE_EMPLOYERS_SCHEME_CONTS,REASON_FOR_LEAVING,CUMULATIVE_SCAPCs,CUMULATIVE_APCs,EMPLOYEES_5050_CONTS,CUMULATIVE_EMPLOYEES_5050_CONTS,SCAPCs,APCs
```
